Dear Readers and Friends:

Due to lack of funds, lack of time and sheer exhaustion of my energy, it has been some time since the last issue of the Interplanetary Digest.

I invested my all into the Digest. For a long time, a large New York City publishing Co. considered taking it over. But, finally, decided not to, because, it is based on a spiritual foundation. Perhaps, a little later it will find its way into the world.

The Interplanetary News-Scope Letter is a supplement for the Digest. It is offered free and on a free-will basis. It will be out whenever there is news and money enough. Please note the change of address. However, I shall continue to hold the Joshua Tree address as long as possible.

Also, I wish it known that I do not have any contact with Giant Rock, whatsoever.

Plus the fact, that I am not a co-operation nor an organization of any kind. But, rather, I am adventuring into the FREEDOM OF THE ULTIMATE!

I cannot promise, but, I hope to commune with you again, via this News-Scope letter, before Christmas.

Most sincerely, Genevieve Johnston
(editor & publisher)

EDITORIAL

This is a very small space for such an All-Inclusive subject as I am about to mention. The subject is MAN, himself.

Let there be no confusion in making a choice. The new cycle has chosen to project the importance of MAN.

There are two groups forming. The group which is still caught in the trap of same old ideas, values and making Things important. And the other group is the GROUP OF NEWNESS, knowing that it is MAN himself, that is the important factor in the Ever-Presence.

Too much attention is given to gadgets in the electronic and nuclear energy fields. There are potentials in the physical body that have not even been tapped as yet, not to mention the spiritual nature of man. What about

A brilliant meteor flashed over No. Calif. and exploded in an array of light seen by hundreds of persons from Eureka to Monterey and as far inland as Reno, Nev. Witnesses said the meteor, trailing a giant, colorful tail, shot across the sky and broke up like a skyrocket. the Electronics of God's Spirit in
Man? This means the uprooting of
cunning-mind, which is the energy-
field, continually re-charging the so-
called concept of the devil. Also,
re-charging countless numbers of other
concepts of good and evil. This
cunning-mind is limited and full of
misleading concepts. Even visitors
from Outer Space display, in some
cases, the height of this same cunning-
mind, therefore, revealing that they
are still caught in darkness. Their
life-span may be longer than ours and
they may be far more advanced in every
way, but, still trapped in some rate of
vibration in space and some track in
time. Which still limits them within a
sense-field and death.

As soon as cunning-limited-mind is
recognized as false, the Christ-Love
and Wisdom begins to function in our
lives. Then, we are on the right path.
God and Truth embraces all, consciously
or unconsciously. So, make a change
and be conscious of IT NOW!
